Mr. Mike Fowles
U.S. Army Corps of Engineers
Fish and Wildlife Office
RD #1, Box 703
Saltsburg, PA 15681-9302-812

Dear Mike:

On June, 18, 22, 23 and 24, 2009, I conducted aerial detection surveys for gypsy moth-caused tree defoliation at 16 US Army Corps of Engineers projects located within the Pittsburgh District. I am pleased to report that no defoliation was detected at, or in the vicinity of Berlin Lake, Conemaugh River Lake, Crooked Creek Lake, East Branch Lake, Michael J. Kirwan Lake, Kinzua Dam, Loyalhanna Lake, Mahoning Creek Lake, Mosquito Creek Lake, Shenango River Lake, Stonewall Jackson Lake, Tionesta Lake, Tygart Lake, Union City Reservoir, Woodcock Creek Lake and Youghiogheny River Lake.

However, if you anticipate requesting either financial or technical assistance for gypsy moth control in 2010, please contact Brad Onken (304) 285-1546 or me (304) 285-1555 before August 21, 2009.

Please contact me at the above number if you have any questions regarding this aerial survey letter.

Sincerely,

RODNEY L. WHITEMAN
